Subject : letter of support « Flagship european » FuturICT project

To whom it may concern,

This letter is to express the strong support, interest and willingness of the Université d'Orléans (France) to participate in the FuturICT Flagship initiative.

Our recently created "Institut Thématique Pluridisciplinaire" called "Modélisation-Systèmes Langages" that gathers our laboratories in Mathematics, Computer Sciences, Linguistics, Economy and System ingeniery envisions to engage in some of the key issues of the FuturICT project.

The local coordinator for the project will be Stephane Cordier.

Yours sincerely.
